

Cooper Farms Grain Newsletter

Hello!

PC: clipartmag.com

The eighth month of 2020 is finally upon us. As more positive cases of coronavirus arise, we hope everyone stays safe and healthy. As for the grain markets, not much change has been going on. But, it does look like China is wanting to get ahold of some of our new crop corn at the current prices. The rain has been so sporadic this past month, hopefully everyone's crop are still looking well.

**Cooper Farms is a
proud supporter
Of 4-H**

**Best of luck to
area 4-H'ers at
the county fairs**

COVID-19 Update

Here at Cooper Farms, we are committed to protecting the health of our team members. As of now, all our grain receiving offices have protective barriers in place. You may step inside the offices, but you may not go past our barricades (no coffee, water, or restrooms). This protocol may change, dependent on State and Federal regulations.

Turkey Basket Giveaway

When you deliver a load of corn to any of our mills, be sure to sign-up for our 'Turkey Basket' giveaway. Two names will be drawn at the end of the month!

*Make sure to include a good phone number so we can reach you

GRAIN NEWS

Cooper Farms Grain Newsletter

Meet the Cooper Team...

Name: Amanda Porter

Title: Cooper Grain & Feed Office Manager

Location: Paulding

Years at Coopers: 8 years

Favorite Thing(s) about Cooper Farms: I like that Cooper Farms is big about investing in their individual employees and promoting from within. Cooper Farms allows and encourages each employee to “write their own story” within the company. When I started out as a summer intern, I NEVER expected to end up doing what I’m doing now. I’m grateful that Terry Wehrkamp gave me a nudge out of my comfort zone and sent me to CG&F. 8 years later, I am still and very much enjoy my job. Between grain marketing and the feed industry, I learn something new everyday. There is never a dull moment.

Crop Condition– released Aug. 3, 2020

IND. Crop Progress: Week Ending 08/02/20
