Hello!

Welcome to the seventh month! We hope everyone is staying healthy and happy. There really is no new news to report for this month. Weather hasn't been too terrible. We finally did receive a little bit of rain, which we needed. Wheat harvest looks like it could start the first week of July. Make sure you check our website for our wheat cash price, or give us a call. We hope everyone has a safe and fun 4th of July.

Our Offices Will be Closed July 3rd and July 4th

COVID-19 Update

Here at Cooper Farms, we still want to protect the health of our team members, so we are keeping our COVID-19 guidelines in place for now. We will let you know when things change. If you have questions or concerns, please let us know. Thanks!

Meet the Cooper Team...

Name: Rick McCord

Title: Mill Manager

Location: Union City

Years at Coopers: 23 years combined (Coopers & Hemmelgarn)

Favorite Thing(s) about Cooper Farms: I would say my favorite thing about Cooper Farms is knowing the company and my job can help others. My job requires me to help make feed for hogs, and then those hogs go to market. Some people are able to enjoy the pork products that I helped raise.
