Hello!

It's beginning to look a lot like spring! We hope everyone is just excited about spring as we are! Just as a courteous reminder, please be on the lookout for other vehicles and corn trucks in our driveways/parking lots. This time of year, we usually see an influx of vehicle movement, and we just want everyone to

remain safe!

Years at Coopers: 14 years

Favorite Thing(s) about Cooper Farms: My favorite thing about Cooper Farms is the time I was able to work with Tom Staugler. Tom has since retired, but he was a great mentor. Even though he was the boss man, he was always willing to help out his crew and cover someone's job, if they weren't at work that day. I've learned a lot from him and think Cooper Farms has lost a great employee once he finally retired.
